NURSE AMAZED OVER RESULTS

"Stomach trouble made my life miserable for five years. Nearly everything I ate lodged in a lump in my stomach and often the sight of food made me sick. A sluggish liver kept me constipated all the time. My

back hurt me so badly after slight exertion that I couldn't stand up.

"As a practical nurse since my young womanhood I think I know something about medicine, but never have I seen anything to equal the way Sargon overcame the last one of my troubles and restored me to better health than I've known in years. I'm not bothered a bit with constipation or indigestion. My appetite is fine, I sleep wonderfully." — Mrs. Orpha Porter, 3651 Alabama St., San Diego, Calif.

Former Teachers Motor Here For The Holidays

Mr. and Mrs. E. J. Anderson, who now reside at Salinas where they are instructors in music in the Junior College, motored here Tuesday and remained over Christmas. Mr. and Mrs. Anderson, according to notices in the Salinas papers, are making as great a success of teaching music in the schools of that city as they did here. Both Mr. and Mrs. Anderson are favorites in Ukiah and the remarkable work done by them in this city is appreciated by all those who are anxious to have children in the city schools instructed in music.

Two Girls Live On Hot Water And Rice

Due to stomach trouble, Miss A. H. and sister lived on hot water and rice. Now they eat anything and feel fine, they say, since taking Adlerika.

Even the FIRST spoonful of Adlerika relieves gas on the stomach and removes astonishing amounts of old waste matter from the system. Makes you enjoy your meals and sleep better. No matter what you have tried for your stomach and bowels, Adlerika will surprise you. Morris Drug Co. (Advt.)

Throughout the Year RICHFIELD wins AGAIN and AGAIN!

SMASHING speedway victories. Magnificent flying ac[illegible]ments. Sensational triumphs on water. World's speed records. World's endurance records. International trophies. Victory following victory month after month throughout the year. The greatest competitive record ever established by any gasoline. Richfield in the past decade has won more speedway victories and world's records than all other gasolines *combined*. Its impressive list of achievements during 1929 points the way to an even more brilliant performance for the coming year.

IN THE AIR

The "Question Mark" army flight, first of the great endurance flights breaking all previous distance and duration records was made with Richfield. Bobbie Trout used Richfield gasoline when she brought back to the West the World's endurance record for Women. The solo endurance record of Herbert J. Fahy was another triumph for Richfield as was the sensational "Angeleno" endurance flight made a few weeks later. When Tex

Rankin completed the first official Canada to Mexico flight he made a fuel economy record of 18⅓ miles per gallon with Richfield. Norman Goddard also made a unique record with the "Gasoline of Power" by winning 26 events in local air meets throughout California. Among Richfield's most famous achievements in the air are its records during the National Air Races; in the spectacular transcontinental non-stop flights of Art Goebel and Captain Wilkins 2300-mile dash across the North Pole, perhaps the most hazardous flight in the annals of aviation.

ON LAND

Here are a few of the Speedway stars in the Richfield firmament for 1929:—Lou Meyer—1928-1929 National A.A.A. Speedway Champion and winner at Altoona, Pa.—used Richfield. Cliff Woodbury—the [illegible] at Detroit—used Richfield. Glenn Shultz—[illegible] Studebaker President 8, winning the Annual Labor Day Pikes Peak Run—used Richfield.

At Los Angeles, Detroit, Altoona, Woodbridge, Sacramento, Bridgeville — wherever roaring motors slant around a speedway—*"Richfield Wins Again."*

ON WATER

Richfield piled up an impressive list of victories in the racing regattas this season. Palm Beach and Sarasota saw two triumphs for the "Gasoline of Power"; at Mt. Dora, new world's records with Richfield gasoline in both the limited and unlimited class 151 hydroplanes. At Southampton, England, Ralph Snoddy, using Richfield gasoline, won the famous Duke of York trophy and followed this triumph with a new world's record for 1½ litre hydroplanes at Balboa, California. In the Outboard class, Richfield won new laurels when H. G. Ferguson established a new world's record of 49.165 m.p.h., the fastest time ever made by an outboard motor.

The road is one of the most scenic and actractive drives near Willits.

The community extends its sympathy to Mr. Howland in this sorrow which has come into his life at the holiday time.

Plight Of A Cat.

A most pathetic scene was visualized recently when a pet cat belonging to a well known rancher of the valley, came home after being gone two weeks. The cat had been given up as lost when, on Christmas eve, it walked up to the back door of its owner's home in a worn and haggard condition after an almost fateful experience of being caught in a trap and had been bound in its clutches for two weeks. It had been in the trap during the late heavy storm and was without food for 14 days and, with one leg hanging by the tendons, it was a most pitiful sight. This situation occurred from the neglect of traps not being visited in that length of time. The story is printed with the thought it may cause men who have traps out to visit them more frequently. The cat, although in very bad condition, may live.

A Family Dinner.

Mr. and Mrs. F. P. Savage entertained at their home Christmas Day Mr. and Mrs. Roy Savage and family and Mr. and Mrs. J. E. Jones and family, who have recently returned from Iowa.

Sunday School Exercises.

A large number were present at the Sunday school exercises given at the club house Sunday evening. The entertainment was opened with a Christmas song, "Joy To The World," followed by an attractive little Christmas pageant introduced with a "Welcome," given by Vincent Lambert. The pageant entitled, "The Trimming of the Christmas Tree," was well given by the different characters dressed in appropriate costumes representing Winter. Barbara Ford and Merlin Wade each had a special part while George Hargreaves, Francis Howland and Marvina Ford decorated the stage with garlands and holly and Gertrude Turula and Carey Hargreaves proceeded to trim the tree as the following cast brought in the ornaments: Doris Nelson, Snowflake; Ardis Ford, Rain; LeRoy Ford, Sun; Herschel Ford, Winter; Olive Maye Cromwell, Snowflake; Robert Johnson, Wind; Marjorie Ford, Star; Cleo Wade, Bells; John Howland, Little Boy; and Phyllis Cromwell brought Christmas and New Year greetings to all. During the pageant two carols were sung, "We're Happy 'Cause 'Tis Christmas" and "Holy Night."

Story Of Christmas Told.

After the tree had been fully decorated and the lights turned low with the exception of the glittering colored lights on the tree and the large star beside it, the effect was very pretty. The room decorations were beautiful and added to its impressiveness. The program continued with the Scripture, the Christmas story of the Christ child, and prayer. A song by Rosalind Gullickson and recitation by Verna Talso were enjoyed, after which Mary Johnson sang, sweetly, "What Grandpa Told Me." Yolanda Riggs gave the farewell which concluded the program. Stockings filled with candy, nuts and popcorn balls were given to every child present.

Mr. and Mrs. Clifford Smith will pass the Christmas holidays in Berkeley with relatives.

Mr. and Mrs. Frank Bednar and family are motoring to Hanford where they will enjoy Christmas with a sister of Mrs. Bednar.

HIGHWAY WORK IS SPEEDED UP

Promise Made To Sen. F. C. Handy Being Fulfilled

In keeping with its promise to Senator Fred C. Handy to speed work on the Bear Creek unit of the Lake Tahoe-Ukiah highway, which is being completed with prison labor, the division of highways announced the arrival at Colusa of a one and a quarter yard gas shovel. As soon as it is assembled it will run on its own power to the Wilbur Springs prison camp.

To Hurry Up Work.

The new equipment is intended to double the earth-moving capacity of the project on the Tahoe-Ukiah highway link. Twenty more convicts are to be added to the camp in the early spring, increasing the camp to 100 men. The prisoners are to construct the road to Bear creek. From there on into the valley the road will be constructed by contract, Director of Public Works Bert B. Meek having set aside $300,000 for this latter portion of the big job.

Frank Savage, of the California Automobile Association, has gone to Covelo where he will look after the association's delivery of license plates.

To Build School In Kelseyville Shortly

Erection of a new $35,000 school building to replace the structure recently razed by fire of supposedly incendiary origin was decided on last week by trustees of the Kelseyville union high school district. The plans call for a school building large enough to accommodate 125 pupils, with a combination gymnasium and auditorium.

A. H. FRENCH ARRESTED

(Continued from Page One)

French was employed, is owned by Mrs. Sarah Marks, of San Francisco, and her business interests in Ukiah are handled by F. C. Albertson. Mr. French is alleged to have appropriated funds to his own use, and to have failed to pay them over to the agent for Mrs. Marks on demand. Investigation resulted in the matter being taken up with the hotel owner and the subsequent attempt to escape by Mr. French.

Was Here A Year.

Mr. French, who, it is understood, was at one time connected with a large New England advertising concern, came to Ukiah about a year ago. At first he obtained work with the Chamber of Commerce, later he was night clerk at The Cecille Hotel and, upon the retirement of Walter Hill, became manager of the hostelry.

Had Hard Luck.

For some time before coming to this city Mr. French was staying with a friend near Cummings. He had been sick and a run of misfortune had overcome him and when he reached here he was in financial straits.

Sympathy Explained.

The accused man has a most likeable disposition, he is ever-obliging and apparently had been attending to his duties, strictly. In some quarters, however, it is said he had gotten mixed with women and spent more money than he could afford. Everyone who knows Mr. French will be sorry to learn of his predicament.

Held To Answer.

Saturday last Mr. French was taken before Justice John Hofman to plead to the charge against him—he is accused of having taken approximately $465 of Cecille Hotel funds. He was held under $2000 bail. According to officers, Elmer Albertson, agent for Mrs. Sarah Marks, discovered the alleged shortage early in the week and questioned Mr. French. The hotel manager is said to have asked for an extension of time in which to make the amount good. The extension was granted, but in the meantime, a complaint charging embezzlement had been filed and a warrant issued. The warrant was not served, however, in compliance with the agreement between Mr. French and Mr. Albertson, it was said. Officers were immediately notified when it was learned Mr. French had boarded the southbound train shortly after four o'clock Friday morning and his arrest followed.

Disputes Claims.

Mr. French has stated he will insist on an audit of the books of the hotel and, in the event there is a shortage, he will make it good, in the meantime insisting he has not profited any by the alleged shortage, if any exists.

Mrs. Duff has not been well for a number of years and her condition at this time is so serious no hope is held out for her recovery. Mrs. Duff resided in Anderson Valley the greater part of her life. She moved to Campbell a few years ago so as to be nearer several of her children who reside there. Her many old friends here will regret to hear of her illness.

A COVELO BOY BADLY BURNED

Little Charlie Chester, Near Fire In Nightrobe, Victim

(Special Correspondence of The Press)

COVELO, Dec. 31.—Some very excellent road work is in progress in Round Valley, in the way of putting our main arteries in the best possible condition. Gravel is being hauled and scattered where depressions have been worn in the surfacing. The grader is being run over the most used sections of the valley roads, and this is followed by a heavy drag. Constant repetition has brought the surface to the smoothness of pavement. Drainage has been cut along the sides of the driveway, and the road is gently sloped from the center to the side drainage. Temporarily, at least, the motorist on our main traveled roads could almost believe he is running on oiled pavement.

Society To Meet.

The ladies of the Dorcas Aid Society have planned to meet early in the week to see that the parsonage is neat and clean for the arrival of the new minister, Herman Burnam, who will arrive January 3 for a two months' stay. Unusual pains were taken by the Lipperts to leave the manse in good shape, but after four months' vacancy in the extreme dry season it will need re-touching.

Dislikes The Order.

The order of the state banking department calling for a charge of 50 cents a month on all small depositors, beginning with the new year, is very unpopular with our community. It looks like an unjust special tax upon those least able to meet it.

Some Porker.

The Conner brothers last week killed a prize hog which from its size might have been crossed with a rhinocerous. The hog measured seven and one-half feet in length and weighed 650 pounds. From its carcass they produced 22½ gallons of lard and 200 pounds of bacon.

Moved Offices.

Ranger F. O. Long this week moved the headquarters of the forest service to a delightful room in the southeast corner, second floor, of Hotel Covelo. This will be the permanent home of the Covelo office.

A Queer Accident.

Milton Lane, young son of L. J. Lane of the Covelo Meat Market, had the misfortune to lose the tip of a finger the day before Christmas. He was leading a horse to water when the animal became frightened at a passing machine and suddenly jerked back on the rope, which caught the end of the left middle finger, cutting it off just back of the nail.

An Unusual Tree.

The F. O. Long family received much pleasure during holiday week from a fine Christmas tree which they installed in honor of the season. The tree was a silver-tipped fir from the top of Black Butte, possessed of unusual symmetry and beauty of proportion. Mr. Long cut and mounted the tree to fit perfectly into the family living room, where the blue electric bulb on its topmost tip just cleared the ceiling. Tinsel draperies in the varicolored lights showed all the colors of the rainbow. Evening after evening neighbors dropped in to enjoy the perfection of its beauty.

Ship In Trouble.

Carl Spurlock, county horticultural commissioner of Solano county, has been in the Orient four months working up a foreign market for California fruits, and was unable to pass Christmas with his family here as he had hoped to do. When the Silver Lark was somewhere in mid-Pacific her boilers blew out and she was forced to put back to Manilla for repairs. Her present schedule will put her into harbor at San Francisco January 20.

To Visit Lodge.

A note from Deputy Grand Matron Myrtle Eglin, O. E. S., requests that the date of her official visit be set for Friday, January 10. We understand Worthy Matron Beatrice Goforth will accept this date and the meeting will be scheduled for that evening. The chapter will be greatly benefitted by this early date for instruction.

To Build Home.

E. H. Long is busy tearing down the old Methodist church building, preparatory to erecting a modern home on the site.

Some Christmas Dinners.

Mrs. Mark Cubbler gathered around her hospitable board for Christmas dinner a party of 26 members. Among them were Mr. and Mrs. Eri Fairbanks, of San Francisco, Will Conner and his daughter, Mildred, from the Sacramento Valley, Mr. and Mrs. Mart Hurt, Grover Hollingsworth and Raymond Hill.

At the By Hurt home were Mr. and Mrs. W. S. Osborne, Mr. and Mrs. Delbert Osborne and family, Mr. and Mrs. S. W. Walter, Dr. and Mrs. G. K. Osborne, E. M. Durnford and Lovell Durnford.

Mrs. Laura Morrison, accompanied by Mr. and Mrs. George Morrison and two children, came up from Santa Rosa to pass the day with her sister, Mrs. J. D. Morrison.

At the Ben Haydon home were Harry Haydon, Mr. and Mrs. Lloyd Brown and Mrs. Jack Crone and the smallest Jack of all, from San Francisco.

D. P. English gathered 20 jolly good fellows to help him enjoy the occasion.

Mr. and Mrs. Lee O'Ferrall and daughter, Edna, came in from the horse ranch to pass the day with the Henry Cyruses.

The Bauer family and the Carpenters gathered at the home of Robin Bauer.

At the Oscar Long home were Mr. and Mrs. Tod Hurt, Mr. and Mrs. Earl Long and Mr. and Mrs. Olaf Johnson.

At Mrs. Potter's were the Potter and Bob Hagne families.

Judge Nash was an honored guest at the E. A. Gravier and G. W. Goforth party. Mrs. Goforth brought a tiny tree fully decorated to serve as centerpiece with appropriate and comical gifts. George Goforth solemnly spun a top with skill that betokened long practice, while E. A. Gravier inflated a squawking balloon with spectacular success.

In The South.

A card from Miss Alice Ringhelm, former county nurse, states she is now attending the University of Southern California, anticipating entering health work in high school.

Had A Dance.

Miss Pauline English entertained for 20 of her young friends on Christmas night. Dancing and cards made the hours merry.

A Complimentary Party.

At the G. M. Biggar home Friday evening was given a supper party followed by cards, in honor of Miss Katherine Drury, of San Francisco, who spent the week in the household.

Men Were Feasted.

In honor of the lone men in her family and among her friends, Mrs. C. H. Lovell made her home gay with holly and Christmas bells. The color scheme of red and green was carried out at table in a red jello salad on lettuce leaves and a cake with red icing, and a 27-pound turkey with green garnish. The guests included Grandpa Lovell, Will Lovell, Walter Lovell, Walter Winters, Harold Montgomery and Frank Picou.

Roger Perkins, Beverley Rohrbough, Thomas Long and Miss Inez Short arrived home last week for the holiday vacation.

Wilbur White came up from Davis last week to spend vacation at the paternal home.

The Turkey Shipments.

DEATH TAKES IDA M. SCOOFY

Member Of Old Famliy Of California Passes In City Saturday

News came to Ukiah Monday of the passing in San Francisco Saturday of Miss Ida M. Scoofy, 75, member of a pioneer family of California, who died at a hospital in San Francisco. For the past 14 years Miss Scoofy had resided in Mendocino county. She is survived by a brother, L. J. Scoofy.

Led Quiet Life.

With her brother Miss Scoofy passed most of her time at Noyo Lodge on the coast. Deceased was one of the fine characters of womanhood who lived her quiet life not without being able to be kind and generous to many people. While her acquaintance was not large locally, everyone who had the good fortune to meet Miss Scoofy greatly admired her. L. J. Scoofy was the constant companion of his sister and her passing will be a great shock to him. The owner of The Press is one of the close friends of the family and his sympathy goes out to the sorrowing brother.

Mrs. E. P. Thurston visited in Santa Rosa during the past week.

Out of the Past

U. N. Briggs brought to The Press this week a copy of The Press, dated January 12, 1894. In it is an account of the Golden Wedding anniversary of Major and Mrs. W. W. Cunningham. There is a story about who was there and what gifts they brought. "The best of local society turned out," The Press said on that occasion. Scanning the long list of those who were there one finds but a pitiful few of them alive today.

Senator Fred C. Handy that week was elected Scribe of the Masonic Lodge.

The late Judge J. M. Mannon had been made Treasurer of the Mendocino State Hospital and gave a bond of $60,000.

That week F. B. Berryhill had been awarded the mail contract between Ukiah and Potter Valley.

The night before The Press was published Kearsage Camp, G. A. R., held election of officers and E. J. Young was named commander.

W. G. Poage took his final examinations at Hastings Law College at that time and had just been admitted to practice.

Jack Morrison had during the week taken the post of driver on the stage between Orr's and Ukiah.

The expense of conducting the State Hospital at Talmage that month ran to $3472.53.

John McGlashan during the week had sung at some entertainment and The Press highly rated his voice.

J. W. Hudson had his card in The Press and was a practicing physician.

Evidently, about that time the Marks building had been erected, as several advertisements appeared stating the advertisers had their offices in "the new Marks building."

Eversole & Templeton were doing business as a firm in that long ago period.

The stage line between Ukiah and Round Valley was advertising the fare at $6.50 for the trip.

H. B. Muir was conducting a lumber business in Ukiah and offered lumber at a discount of $1 a thousand for cash.

A bad fire occurred at that time and The Press said Whitesboro had been almost entirely destroyed—Only $4500 insurance was carried.

A train a day, each way, to San Francisco was operated on the S. F. & N. P. line then.

George A. Sturtevant was a practicing attorney here and so advertised.

The Press was the official paper of the county then and an ordinance establishing a county pound and preventing stock running at large had just been passed.

The Press in those days came out as an eight-page paper and covered the county news well; its publishers were Pounstone & Mathews.

J. R. Johnson, as sheriff, had several notices of sale of property advertised.

The Curtiss Hotel was proclaiming the sale of the best Jesse Noble whiskey at its bar.

A stage ran between Ukiah and Vichy and the fare was 25 cents.

Redwood land was offered at $5.50 an acre by J. H. Donohoe.

J. Goumpsky, whose son afterward became a famous radio singer, was conducting a tailor shop on State street.

Four acres of land with a 10-room house "on the best residence street in Ukiah" was offered for $2500.

H. B. (Bud) Smith had been appointed to expert the county books while absent, and on his return declined to do so.

Fine meals were offered by the Commercial Hotel at 50 cents.

Unit shares of stock of the Bank of Mendocino were being offered at $20. William Heeser was the secretary of the Bank.

The preacher of the M. E. church advertised he would on the following Sunday talk on "Cloaks For Sin Removed."

A. Marks & Co. appeared to be the big merchandise concern of the city, at least they were the heaviest advertisers.

The supervisors had received a petition asking for the building of a jail at Ukai.

Recorder Howard was authorized to make an abstract of all mortgages and was to be paid 10 cents a name.

Sam L. Moore was "the leading Jeweler" in the long ago, his advertisement proclaimed and he was advertising to induce people to bring in all their old jewelry to be traded in for new goods.

T. A. Templeton ran a grocery about the time The Press was published and he had a card urging people to pay up their indebtedness.

H. B. Muir, now of Willits, was in the real estate business in this city. He had an office on courthouse square.

There was an item in The Press telling of the visit of a delegation of Odd Fellows to Willits. The only man named in the list now alive is Lafe Van Dusen.

Mrs. Abe Curry, widow of the locator of the original Comstock Mine, was one of the notables at the Golden Wedding anniversary of Major and Mrs. Cunningham.

Mrs. Jennie Mathews, former popular county auditor, was the star in the play, "Nan," which was on at Gavin's Opera House, Potter Valley, that week.

Lieut. A. L. Wessels Now On Retired List

Advices from Congressman Clarence F. Lea last week were the government had taken Lieut. A. L. Wessels out of the U. S. officers reserve force and placed him in the regular U. S. naval retired force. Mr. Wessels has been allowed three-fourths of his former regular naval pay and will draw this monthly as long as he lives. There is general satisfaction over the announcement, as Attorney Wessels has done more for veterans and their families than anyone else in this part of the state.

Eight-Lb. Salmon Was Caught In Big River

Since the recent heavy rains, trout fishing has been fairly good in this locality and several big catches have been made, says The Mendocino Beacon. Last Sunday Walter Richmond and Arthur Daniels went out on Big river and while there Mr. Richmond got a heavy strike on one of the deep riffles and found he had hooked a real one. He was using an ordinary steel rod and was close to 20 minutes in wearing the fish down so he could grab it by the gills and pull it out of the water. This beauty tipped the scales at an even eight pounds.
